PROFILE

I am a highly motivated second-year college student with a passion for programming and development. I have gained valuable experience through internships, personal projects, and coursework, allowing me to develop a strong understanding of programming languages such as Python, Java, and JavaScript. Additionally, I possess strong analytical and problem-solving skills that enable me to quickly identify and resolve technical issues.

EDUCATION

Terna Engineering College
2021 - 2025
Computer Engineering
ACG. CGPA 8,5

SKILLS

- c/c++ ★★★★★
- Data Structures ★★★★☆
- Html & Css ★★★★★
- JavaScript ★★★★☆
- React.js ★★★☆☆
- Node.js ★★★★☆
- Express.js ★★★★☆
- Mongodb ★★★★☆
- Git & Github ★★★★☆
